RECOMMENDATION

That the Cabinet Member for Finance and the Cabinet Member for Residents' Services agree to the following capital release requests of £148k from the Playground Refurbishment Workstream within the Housing Revenue Account Works to Stock Programme 2023/24 capital budget for the Refurbishment of Albion Road and St Peters Road Childrens Playgrounds. (Appendix A)

Reasons for recommendation

The refurbishment of these playgrounds is necessary due to it now reaching the end of its economic life. This has been identified by the safety inspections undertaken by RoSPA qualified Inspectors and engineers from our insurance company Zurich. This approach is supported by local residents and families using the site. This has also been identified by Ward Councillors who have submitted a Members Enquiry relating to their condition.

This funding release is part of the Council's Playground refurbishment programme approved by Cabinet in November 2022 with a contract award to Kompan Ltd for the provision of the design, replacement and installation of playground equipment over a 4-year period. The programme approved by Cabinet included these two playground sites.

Alternative options considered

The Cabinet Members could decide not to accept the recommendations. This would mean that the refurbishment of these playgrounds would not be undertaken, risking the playgrounds being closed due to them not meeting compliance and no longer being in a safe condition.

Select Committee comments

None at this stage.

This work will be carried out by the Council's approved contracted supplier, Kompan, who were recently awarded the tender for playground refurbishments across all Parks and Housing Playgrounds, within the Borough.
