

**OFFICIAL EXECUTIVE DECISION NOTICE**  
**PUBLISHED BY DEMOCRATIC SERVICES**

**Notice is hereby given that the following decision(s) have been made today by Cabinet Members at the London Borough of Hillingdon:**

<b>Title of decision</b>	<b>CAPITAL RELEASE REPORT (May 2023)</b> <b>DIRECTORATE: Place</b> <b>SERVICE AREA / PROGRAMME: Street Lighting</b> <b>Programme 2023/24</b> <b>RELEASE NO: 1</b>
<b>Reference No.</b>	794
<b>Date of decision</b>	Wednesday 17 May 2023
<b>Call-in expiry date</b>	Wednesday 24 May 2023
<b>Relevant Select Committee</b>	Property, Highways and Transport Select Committee
<b>Relevant Wards</b>	All

**Decision made**

<b>Cabinet Members making the decision</b>	Councillor Martin Goddard – Cabinet Member for Finance Councillor Jonathan Bianco – Cabinet Member for Property, Highways and Transport
	<b>Approved</b>  <p>That the Cabinet Member for Property, Highways &amp; Transport and the Cabinet Member for Finance agreed to the capital release request of £925k from the Street Lighting Replacement Programme 2023/24 capital budget for the funding of replacing lighting columns that have reached the end of their useful economic life (Appendix B to the associated report) and column painting (Appendix C to the associated report).</p>
<b>Reason for decision</b>	The vast majority of columns in the Borough are galvanised mild steel which tend to corrode below ground level, resulting in a high risk of structural failure if continued investment is not programmed.  The project consists of the prioritised based replacement of lighting columns that have reached the end of their life expectancy. The priority is determined from structural testing and inspections. The 549-column replacement programme for 2023/24 is based on the results of structural testing of 2500 columns completed in 2019 and the condition of street lighting assets recorded by the contractor during maintenance work determined on current street lighting asset life expectancy data.

	To assist the Council's commitment to the climate emergency, the columns replacement programme has been reviewed to replace the columns with provision for the electric vehicle charging point where the driveway facilities are unavailable, if the demand arises in the future. The project also consists of the lighting column painting to prolong the life of the asset.
<b>Alternative options considered and rejected</b>	<ul style="list-style-type: none"> <li>• To make safe columns identified as defective and in need of replacement by cutting them down without replacement - this would leave roads without street lighting.</li> <li>• To follow the previous maintenance policy by carrying out reactive maintenance work only without a planned column replacement programme.</li> <li>• To find alternative funding.</li> </ul>
<b>Classification</b>	Part I – Public
