<b>Reference No.</b>	1245

### Decision made

<b>Cabinet Members making the decision</b>	Councillor Martin Goddard – Cabinet Member for Finance & Transformation Councillor Jonathan Bianco – Cabinet Member for Corporate Services & Property
<b>Decision</b>	<b>Approved</b>  <b>That the Cabinet Member for Finance &amp; Transformation and the Cabinet Member for Corporate Services &amp; Property agreed to the following capital release request of £267,996 from the Housing Revenue Account Major Adaptations to Property 2024/25 programme budget.</b>
<b>Reason for decision</b>	The amount of grant funding that is being requested has been established by taking the number of cases currently in the development stage of the process. Each case has been estimated at an average cost of £8k and £45k for extensions. An estimate has been added to the number of cases in development as it is expected that approximately 20 cases will move into development each month. The net value of works is £781,648 excluding contingency and fees, which exceeds the remaining budget due to high demand of major adaptation works recommended. Therefore, this request is to release the remaining budget of £267,996 to complete major adaptation cases, contingency and fees. This enables officers to have control over service delivery and major adaptation works can be completed within the timescales required.

<b>Alternative options considered and rejected</b>	An alternative option would be to request capital release for each property once all quotes for multiple workstreams are received. However, this was the previous model, and it was found that urgent/ reactive works would have to wait for funding to be released which was less efficient. The aim is to install major adaptations as quickly as possible to reduce any risks to the resident and ensure they can remain independent in their own home.
