<b>Cabinet Members making the decision</b>	Councillor Martin Goddard Cabinet Member for Finance & Transformation
<b>Decision</b>	<b>Approved</b>  The Cabinet Member for Finance and Transformation:  <ol style="list-style-type: none"><li>1. Agreed to accept the Capital Food Waste Collection grant funding of £606,837 from the Department for Environment, Food &amp; Rural Affairs (DEFRA), noting that this will be reported to Cabinet for ratification.</li><li>2. Approved the capital release of £349,962 to fund the purchase of the three food waste vehicles.</li></ol>
<b>Reason for decision</b>	Food waste is a core collection stream in Hillingdon's recycling offer and results in lower gate fees (£12.79 per tonne) than any

	other recycling stream e.g. black bin waste (£146.22 per tonne), green waste (£40.18 per tonne), mixed recycling (£75.60 per tonne). A grant of £409k has been provided by central government to invest in the capital purchase of 3 x new refuse vehicles to extend the scheme to all properties including flats by the end of March 2026 enabling LBH to meet the new 'Simpler Recycling' legislative requirements.
<b>Alternative options considered and rejected</b>	An option to procure 3 or 4 was considered with approval to continue to tender on the basis of 3. Costs of the vehicles are not fully contained within the grant funding and will provide a pressure on fleet budget. Longer term the vehicle maintenance will increase, and vehicles will require replacement in c.8 years. Refuse collection vehicles also have significant damage costs which currently falls on the fleet budget to cover. However, the saving by increasing the amount of segregated food waste would be expected to outweigh these additional costs.
