## SUPPORTING INFORMATION

Between 2011/12 and 2019/20, three tranches of Ward Budget growth funding, totalling £1,430,000, were agreed by Cabinet. At its meeting in June 2022, Cabinet agreed a revised Ward Budget allocation of £237,500 (from the reserve balance) based on the area / population density of each of the new 21 wards following the Local Government Boundary Commission's recommendations and as implemented for the May 2022 Council elections. The 21 new wards were allocated £5,000 plus £2,500 for each elected representative for the ward.

The reserve balance remaining at the end of 2023/24 was £219,487. Since its launch, 866 projects with a cumulative value of £1,244,139 have benefitted via the Ward Budget initiative.

Ward Budget funding is used for proposals that make a difference in a local area and to give residents a chance to influence how their local priorities are met. Primarily, the funds are intended for one-off expenditure on physical works, events or activities that have a positive impact within the ward. Proposals are submitted with the agreement of all relevant Ward Councillors.

A further ten proposals, covering seven wards and totalling £14,426 have been received. The details of these are set out in Appendix A of this report.

Financial Year	Cabinet Member Approval	No. of Proposals	No. of Wards	Total Proposal Value	Growth Funding	Balance Remaining
Aggregate earmarked funding to date					£1,430,000	£1,430,000
2011/12 - 2023/24		832		£1,210,513		£219,487
2024/25	July	12	9	£9,864		£209,623

2024/25	January	10	7	£9,632		£185,861

2025/26	May	10	7	£14,426		£171,435
		<b>876</b>		<b>£1,258,565</b>	<b>£1,430,000</b>	<b>£171,435</b>

The updated balance of funds for each ward under the Ward Budget Scheme is set out in Appendix B.

## Financial Implications

The total growth allocation to date for the Ward Budget Scheme is £1,430,000. Between 2011/12 and 2023/24, proposals with an aggregate value of £1,210,513 were approved. At the end of 2023/24, the reserve balance available for distribution was £219,487.

In 2024/25 financial year, 34 grants, with an aggregate value of £33,626, were approved.

The 10 grants totalling £14,426 recommended within this report for May 2025 will take the aggregate value of proposals approved to £1,258,565, leaving an unallocated balance of £171,435 on the reserve available for distribution.

## RESIDENT BENEFIT & CONSULTATION

### The benefit or impact upon Hillingdon residents, service users and communities

Ward Budgets help Councillors to make a difference in their Ward. They address specific local priorities by delivering proposals to benefit residents and local organisations.

### Consultation carried out or required

Consultation with the lead Councillor from each Ward and officers internally has taken place, where appropriate. Where other services are involved, such as Residents' Associations and community organisations, the views of these groups have helped to shape the nature of the proposals.

## CORPORATE CONSIDERATIONS

### Corporate Finance

Corporate Finance has reviewed this report and concurs with the financial implications set out above, noting the allocation of £14k is being sought from the Ward Budget for the 10 schemes set out in this report. £171k will remain available on the Ward Budget reserve to support future initiatives.

### Legal

Legal Services confirm that the Council is responsible for, or otherwise empowered to carry out, this function pursuant to section 19 of the Local Government (Miscellaneous Provisions) Act 1976, section 137 of the Local Government Act 1972, and section 1 of the Localism Act 2011.

Thus, as this report also confirms that each of the ward grant proposals submitted complies with the protocol on the use of Ward Budgets, there are no legal impediments to allocating funds from

the Ward Budget Scheme as recommended by this report. Although, any contract that the Council enters into must comply with the Council's Procurement Standing Orders.
