	references detailed in this report to be committed as outlined in this report. The allocation of PT/253/283H funds in relation to Parking Management Assessment and Measures in the Area around St Andrew's Park was put on hold following discussions with ward councillors and pending clarification regarding the evidence of existing parking pressures, the rationale for surveying roads within a 20-minute walking distance of the site, the anticipated road adoption programme and any risks associated with deferring this allocation.
Alternative options considered and rejected	Alternative options were considered, including the funding of the scheme and the allocation of the available funds to other eligible projects in accordance with the terms of the relevant legal agreements. These options were rejected as it was considered that the proposed allocation represented the most appropriate use of the Section 106 funding. It was also noted that, if the funds were not allocated to an appropriate scheme, any unspent monies may need to be refunded.
